Judge blocks federal executions; administration appeals

By MICHAEL BALSAMO
Associated Press

TERRE HAUTE, Ind. (AP) — A U.S. district judge on Monday ordered a new delay in federal executions, hours before the first lethal injection was scheduled to be carried out at a federal prison in Indiana. The Trump administration immediately appealed to a higher court, asking that the executions move forward.

U.S. District Judge Tanya Chutkan said there are still legal issues to resolve and that "the public is not served by short-circuiting legitimate judicial process." The executions, pushed by the administration, would be the first carried out at the federal level since 2003.

Chutkan said the inmates have presented evidence showing that the government's plan to use only pentobarbital to carry out the executions "poses an unconstitutionally significant risk of serious pain."

Chutkan said the inmates produced evidence that, in other executions, prisoners who were given pentobarbital suffered "flash pulmonary edema," which she said interferes with breathing and produces sensations of drowning and strangulation.

Segun ley, despues di 3 aña por habri graf of kelder

Maneho general di desperdicio ta den fase final

Siman pasa un video a circula riba rednan social cu a mustra con trahadonan di un cas funerario a purba di deshaci di un caha di morto. E acto aki a lanta algun inkietud.

Esta si esaki tabata e procedura mas higienico y corecto pa haci'e den cuadro di salubridad publico. Sin lubida cu ta trata di un caha di morto cu tabatin restonan pa varios aña cera den graf di un difunto den dje.

E manera con e trahadonan a lucha pa purba di acomoda e caha di morto den e container a wordo cuestiona hopi. Si esaki tabata e procedura mas corecto pa benta un caha di morto bashi cu a wordo uza caba. Nan a gewoon tir'e den un baki of container di sushi, manera si ta trata di un sushi normal.

Hefe di Dienst Warenkeuring en Hygiene, Yvette Geerman a declara na Bon Dia Aruba cu segun ley, un graf of kelder no por wordo habri prome cu 3 aña. Despues di tres aña ainda nan personal ta supervisa con e resto cu ta den e caha di morto ta. Si el a descompone completo of no. Den caso cu ainda e no a descompone completo, e famia mester tuma e decision di cer'e bek of crema e resto. Tur esaki ta tuma luga den presencia di un controlado publico.

Relaciona cu e caha di morto cu a wordo benta den un container, el a bisa cu e tabata bashi, y cu no tabatin niun resto humano den dje. Tur esaki a sosode despues cu e cas funerario a cumpli -segun ley- cu tur e proceso di saca e restonan humano. Sinembargo Geerman a declara na e matutino aki cu como departamento nan ta trahando riba un procedura of maneho tocante e forma corecto relaciona cu tur e desperdicionan di e tipo di trabao aki. Entre otro con pa deshaci di e caha di morto, prome cu e ta yega na e luga concerni, entre otro e dump.

Maneho

Manera tur hende sa e dump ta den su proceso tambe con lo para cune. Actualmente departamento di Salubridad Publico (DVG) ta bezig cu un comision interno, hunto cu otro departamento y partnernan externo cu ta trahando riba un maneho di desperdicio en general, esaki ta inclui e parti di funeraria tambe, Geerman a bisa.

Pero e maneho ainda no ta cla. Tin ley anticua riba e tereno aki cu mester update nan. P'esey nan ta trahado riba proceduranan pa modernisa y adapt'e na e sistema actual. Con leu nan ta? Segun Geerman, ya caba nan tin hopi punto den concepto cla, y no ta keda mucho pa nan keda concretisa. E ta den su fase final, el a laga sa.

Den caso aki nos ta papiando di un caha di morto cu tabatin resto humano den dje, y cu por a nifica un risico cu nan ta consciente di parti di sanidad. P'esey nan ta bezig riba un maneho. Pero e ta un trabao grandi, ya cu tin diferente tipo di sushedad y no tur ta bayendo di e forma corecto. P'esey nan ta trahando riba un maneho pa tur cos mester bay den forma corecto. E meta tras di esaki ta pa bin cu un maneho sostenibel.

Supervision

El a añadi cu tur sacamento di resto ta sosode bao supervision di Departamento di Salubridad Publico (DVG). Sin supervision di nan, un graf of kelder no ta wordo habri, sin presencia di un trahado di nan departamento, y nan ta traha y supervisa conforme ley.

Na momento cu e peticion ta drenta di e cas funerario pa sacamento di resto di famianan, normalmente e ta sosode na momento cu tin otro entiero, y nan mester haci uzo di e graf of kelder. E funeraria mes ta acerca e departamento aki y a base di cita ta wordo coordina pa un trahado di DVG ta presente pa habrimento di e graf.

Pa loke ta e caso specifico cu a tuma luga siman pasa, y cu DVG a referi na dje pa medio di un comunicado di prensa, Geerman a splica cu nan a cumpli cu e procedura corecto.

Den e caso particular aki cu a keda divulga den medionan di comunicacion, e famia a pidi pa habri e graf cumpliendo cu tur rekisito. Pero e curpa no tabata full descompuesto y nan a dicidi di crem'e.

E resto a wordo poni den un body bag pa medio di e funeraria cu a transporte den su mesun auto cu nan tin pa haci e trabao aki. Tur esaki bao supervision di personal di DVG, te cu e resto a yega na e funeraria, segun Geerman. E cas funerario a sigui cu e proceso cu mester haci cu e resto di curpa pa crem'e.

Pa local ta trata e caha di morto tin personal di e cas funerario mes cu ta haci e trabao pa atende tur e sushedad cu mester wordo benta afo, y nan tin nan containernan special. Eynan nan ta deposita tur nan desperdicionan.

Prestamo pa estudio ta depende di fiansa di Hulanda

Durante entrevista cu Prome Minister, Evelyn Wever-Croes a sostene cu Noticia Cla diadomingo anochi, el a spera cu nan por keda cla cu un decision cu Hulanda prome cu diabierna.

Nan lo tene un ronda di consulta pa cuminsa haya e feedback pa determina cu si e decision aki a base di un pakete di 18 condicion ta algo cu nos por yega na otro e siman aki ainda. Of si no mester tin otro plan.

"Pero e realidad ta cu nos mester di e placa," el a bisa.

Unabes cu e acuerdo ta wordo concretisa Hulanda lo facilita e placa pa gobierno por atende cu algun compromiso, entre nan esun di prestamo di estudio pa nos hobennan cu ta bay afo.

E mandatario a bisa cu e situacion na Aruba ta hopi serio actualmente. Ta asina cu e hendenan cu ta traha den e sector priva y cu den e ultimo dos lunanan a haya subsidio di salario, gobierno no tin e placa ainda pa paga e subsidio aki pa juli, y ya caba nos ta bayendo pa mita di luna.

E ta kere cu e momento ta yegando cu nos mester percura pa tin acceso na e placa aki pa gobierno por paga e subsidio di salario, FASE, paga salario di ambtenaar, etc... Pero nan no tin hopi tempo, mirando cu pronto na Hulanda nan ta bay cu receso.

Prome minister Evelyn Wever-Croes:

'Nos ta den e espacio pa negocia si nos por yega na otro'

Despues di un biahe pa Hulanda di dos dia, pa atende conseho di minister di Reino, prome minister Evelyn Wever-Croes a convoca medionan di comunicacion local pa informa cu e documentonan cu nan a haya siman pasa a bira publico, y cu nan a haya espacio pa negocia pa haya un consenso riba e contenido di e condicionnan cu Hulanda a pidi pa Aruba.

El a splica cu e punto principal cu nan a trece dilanti ta cu Aruba ta cana un caminda diferente cu Corsou y Sint Maarten. Den sentido cu Aruba a cumpli cu tur condicion cu a pone prome cu pandemia, pa por yega na remarca pa e fondonan. El a sigura cu e conseho di CAFT ta bisa cu Aruba a cumpli y por bin na remarca pa e fondonan y Conseho di Minister di Reino a bin cu un condicion extra cu nan a haya hopi laat.

Na e momentonan aki, Wever-Croes a bisa cu nan ta den e espacio pa negocia si nan por yega na otro y e dialogo "ta bayendo bon". Esey a cuminsa diabierna mes, cu un reunion cu secretario di estado Raymond Knops y minister di Finanzas, Wopke Hoekstra cu segun e mes a sigura, a bay den bon ambiente y cu nan kier yuda Aruba.

Aspectonan cu a wordo poni riba mesa ta trata di supervision di Aruba, cu na e momentonan aki ta den man di CAFT y esey ta basa riba un ley di Aruba mes. Hulanda aworaki a presta Aruba 200 miyon florin, algo cu prome cu Covid-19 no tabata sucede, manera el a declara, pa via cu Aruba tabata fia riba mercado internacional.

Tambe el a bisa cu nan ta pidiendo 200 miyon florin y prome cu fin di aña ta bira 100 miyon florin mas, loke por bira 500 miyon florin of hasta mas. P'esey nan kier mas supervision, "y sinceramente bo no por tuma nan na malo, pasobra unda cu nos lo a bay na mundo pa bay presta 500 miyon florin, kere mi cu esun cu lo a presta ta bin cu garantia of condicionnan. Y tanten cu tin supervision, nos ta comprонde, pero pone Aruba bou RFT no ta traha, pa motibonan financiero. Esey lo a kibra nos economia", Wever-Croes a declara.

El a señala cu Hulanda a admiti esey y aworaki nan ta papiando di un otro forma, con por duna extra supervision cu nan tanto ta desea, pero cu no por pone Aruba den e RFT. Di esaki, el a sigura cu nan ta deliberando riba dje. E meta ta pa yega na un palabracion cu nan, cu nan lo tuma over e debenan den futuro y cu por sigui presta na 0%.

Di loke ta trata e entidad, Hulanda ta bisa cu e fiansa cu e ta duna Aruba no por sigui hacie di gobierno pa gobierno. Sino cu nan lo kier hacie a traves di un entidad. Den esaki e entidad tambe mester percura di e otro fondonan pa bay inverti den economia di Aruba, pa hacie un economia fuerte pa garantisa cu Aruba por paga back. "Nan no kier ta simplemente un banco, cu ta fia e placa na un interes reduci. Nan kier garantisa cu nan ta bay haya nan placa back y yuda nos pa realisa nos economia fuerte" Wever-Croes a señala.

Tambe el a manifesta cu Hulanda a splica cu e entidad aki, hunto cu pais Aruba, ta bay defini cua ta e areanan di inversion cu mester di atencion. E ora ey nan por percura pa tin e fondonan disponibel pa inverti den locual como pais ta desea inverti den dje. Den esaki nan tambe a pone algun condicion, cu segun Wever-Croes no a papia adelanta sino cu a keda conoci dialuna siman pasa.

Di esaki el a referi cu nan ta papiando riba dje pa wak si nan por yega na otro cu e condicionnan pa tene na cuenta cu puntonan di Aruba den esaki y wak si por yega na dje si of no.

"Si na fin di dia nan ta keda para riba e condicionnan y nos ta sinti cu ta bay mucho leu, nos lo bisa no y busca un plan B y alternativanan nos no tin", Wever-Croes a sigura.

Condicionnan general

Den e documento di RMR cu Aruba a haya siman pasa, cu ta menciona e condicionnan pa Aruba por haya e fiansa, nan ta papia di 10 condicion generico cu ta conta pa Aruba, Sint Maartn y Corsou. Y despues tin seis cu ta aplica pa Aruba.

E prome ta cu ta bay di acuerdo cu e rijkswet di e entidad y cu Aruba ta drenta den e Rijkswet Financieel Toezicht (Rft), cu ta cay mas pisa pa Aruba, segun loke Wever-Croes a menciona. Di esaki el a comenta cu ta den negociacion hopi avansa caba. Pa loke ta trata e entidad nan ta papiando riba dje.

Otro condicion ta cu mester cera un acuerdo di Landspakket, cu ta otro documento cu tin diferente punto cu nan kier pa bira un reforma den cada pais. Cambionan cu Hulanda kier mira den ley y sistemanan pa e islanan aki por haya un economia fuerte, p'esey nan kier pa firma un contract.

Di tres condicion ta pa bay di acuerdo cu e Rijkswet financieel toezicht, cu Corsou cu Sint Maarten ta riba dje caba. Esaki ta bay cambia cu reglanan mas estricto di sancion na momento di no cumplimento. Esaki no ta conta pa Aruba, mirando cu ta canando otro trayecto pa loke ta trata supervision.

Di cuater ta cu paisnan, den caso aki Aruba, ta duna un contribucion activo pa tur e puntonan cu ta poni den e Landspakket. Esaki ta inclui cu mester bin cu cambio riba husticia, salubridad, enseñansa, entre otro. Hulanda kier pa hunto por traha un time table pa wak con lo ehecuta. Esaki mester ta cla prome cu dia 1 di november di e aña aki.

Otro condicion ta cu Aruba ta bay contribui na revisa e sector financiero, pero esaki ta mas dirigi riba e problema cu tabatin na Banco Central di Corsou cu Sint Maarten. Ademas, un otro condicion ta cu prome cu dia 15 di september proximo, mester tin un tipo di sistema cu ta duna cierto garantianan. Por ehemplo, ora un banco bay bancarota, esunnan cu tin placa eynan no perde tur cos, mester bin un areglo di garantia di deposito.

Ademas, un condicion cu a pone ta cu e paisnan ta duna e transparencia inmediato na peticionnan di CAFT y CFT pa duna informacion. Tambe cu lo bin un investigacion y inventarisacion pa repasa henter e sistema di enseñansa cu tin den diferente paisnan den reino, pa yega na un miho modelo di enseñansa, loke ta yama un 'Doorlichting van onderwijs bestel'.

Ademas ta exigi pa e paisnan mes keda garantisa e continuidad di procesonan vital, entre otro, electricidad, gasolin, internet, awa, aviacion y tambe sistema di pago, cuido medico, etc.

Un condicion interesante cu el a menciona ta cu pa mantene stabilidad, orden publico y siguridad, no por corta mas den departamentonan cu nan ta considera vital pa esaki, como aduana, polis, landsrecherche, ministerio publico, corte, entre otro.

Condicionnan pa Aruba

Aruba ta bay acepta e sosten di likides di 204 miyon florin den periodo di 1 di juli te 30 di september, con tal cu Aruba bay di acuerdo cu tur condicion menciona caba.

Tocante e salario di directornan di compania estatal, el a bisa cu ta bin un Wever-Croes norm cu ta 130% di e salario ahusta di prome minister y esey ta e salario maximo pa un director di un compania. Un decision cu el a manifesta cu a ser tuma caba.

Otro condicionnan ta den tereno di husticia, e cooperacion cu RST. Otro ta trata Kustwacht, Lands Recherche, Koninklijke Marechaussee pa haya informacion riba nan mes. Finalmente mester menciona cu e fiansa mester ta den forma cu ta haya e placa awor y no mester cuminsa paga e placa tur luna, sino despues di dos aña.

E condicion mas pisa, segun el a expresa, ta esun cu tin di haci cu Rft y e otro ta entidad, pa asina nan manda e placa di ayudo di likides pa e paisnan, nan ta laga CAFT supervisa e fluho di e placa ey y di mesun manera inverti den comunidad cu ta haci Aruba mas fuerte.

Arubiano cu hazaña pa Zuidpool pa recauda fondo

Genny Brown hayando popularidad na Inglatera como 'Tire Lady'

Un Arubiano ta rumbo pa Zuidpool December proximo. Y ta captando atencion na Inglatera pa e reto aki. Genevieve 'Genny' Brown (37) tin tres aña ta preparando pa haci historia. Y a combersa cu Bon Dia Aruba despues di a pasa seis (6) ora ta lastra tire den e bario unda e ta biba como parti di su preparacion fisico.

Con a tende di Genny? Pasobra media Ingles a cuminza pone atencion riba dje. Y un corant regional publica su storia.

Brown a capta atencion local y nacional na Inglatera despues cu fotografo Ingles Nick Cornwall, kende ta trahando un cronica 'Living La Vida Lockdown' a mir'e ta lastra e tirenan y a saca su potret pa un proyecto grandi na Inglatera. Ta un exposicion na 2050 unda lo inclui tur e miho potretnan saca durante e Covid19 lockdown.

Cornwall sinembargo a haya cu e storia di Genny tabata asina interesante cu el a conta di dje riba su instagram pa plama e storia. Y un di e medionan cu a capt'e tabata e corant Balham, cu a publica un storia dia 6 di Juli ultimo.

Obhetivo di Genny Brown ta pa ta den condicion optimo pa na December tuma e ruta di un (1) grado di latitud zuid - Zuidpool den 12 a 14 dia (depende e condicion di tempo) riba ski. Un hazaña cu ta nifica lastra su tent, su cuminda, tur su necesidadnan su mes pa un distancia di 111 kilometer, riba un altura di 2800 meter. Ta e periodo 'calor' di Antartica y e zona tin un temperatura promedio di 26 centigrado bou cero.

Y motibo pakico e ta haci'e, no ta pa un aventura sin mas. E profesional Arubiano kier recauda fondo pa Lyme Aid UK, di forma cu por haya un centro diagnostico pa e malesa cronico aki. Genny tin Lyme Disease.

Infecta pa semper

Lyme disease ta un malesa incurabel cu ta keda traspasa pa un tipo di carpata cu ta biba den areanan mas friu, e 'deer thick'. Sintomanan di Lyme ta varia. Pero nan por debilita un persona pa bida. Na 2014, Genny a haya un mordi durante un vakantie na Turkia, tabatin keintura pa dos dia, y despues no a sinti malo, y no a pensa mes riba e pica. Ni ora cu su cabey a cuminza cay na cantidad tres luna despues . "Mi tabatin un afro grandi y mi tabatin tur e cabey den mi man." Asina a inicia su lucha pa bringa e malesa. Fatiga pisa -Genny tabata drumi 20 ora pa dia cierto momento - y perdida di memoria tabata e aspectonan mas preocupante. Asina el a bay diferente specialista cu no por a saca afo kico a pas'e y kier a pone riba un tratamento di antibiotica pa por lo menos un aña. Brown cu ta un Bio-quimico di profesion no a acepta y a acudi na un dokter natural cu tambe ta un dokter di medicina regular. A pesar cu Inglatera tin un di e sistemanan medico miho rond mundo, Genny Brown a paga 500 libra Ingles (1200 florin) pa un test cu e ultimo dokter a manda na un laboratorio na Alemania pa mira si ta Lyme Disease e por tin. E resultadonan tabata afirmativo. Y asina a cuminza un tratamento adecuado. Awe e tin e malesa ainda, pero bou control. Ora e ta hopi cansa e ta haya e mesun sintomanan similar na esnan di comienzo di alzheimer, esta cu e por lubida palabra.

Idea pa Antartica

Brown a bisa cu e ta un di e storianan di suerte. Hopi hende ta sufri pa semper. Pero "ami tabatin dos opcion. "Rabia cu e sistema medico of haci algo a cambio. Y bira amarga no tabata opcion." Asina a lanta e urgencia pa trece cambio. "Y ma pensa kico ta e cos di mas loco cu mi por haci. Mi no kier djis core un marathon."

E idea di bay Zuidpool a nace ora cu el a bay un presentacion di un compania cu ta organisa biahenan inspirador/aventurero. Yiu di su hefe a sugeri'e pa bay. Eynan el a haya e idea pa bay Antartica cu e meta pa lanta conscientisacion di Lyme Disease y e necesidad pa Inglatera mes tin su centro diagnostico. Brown a pensa hopi prome di a tuma e decision. E mes a studia na Canada, y e no tabata mucho entusiasma di e friu. Y e no tabata e persona cu tabata asina atletico. "Mi tabata core bon, pero mi tabata e ultimo cu nan tabata piki pa hunga volleyball ora mi tabata na Colegio. Pero mi a bolbe di un situacion cu mi tabata drumi 20 ora pa dia y ma dicidi pa scoge pa un reto cu ta net lo contrario cu ta exigi un esfuerso fisico enorme y esaki lo habri mente di hende."

Ley di Reino o ley di Mike...

Mihor esun di...

Dos siman pasa, dia 29 di juni, nos a dedica un Editorial na e tema si nos ta bay haya un ley di Reino, o continuacion di e ley local di supervision financiero. Dos siman despues, aparentemente esaki ta un di temanan riba mesa ainda pa negocia cu Hulanda, y cu mester keda cla den algun dia.

Pa nos sorpresa e biaha aki nos Promer Ministro ta esun cu ta bin na defensa di e ley naci durante gobierno anterior, den ultimo dianan di april 2015, tempo cu e secretario di estado Plasterk a bin acompaña pa algun funcionario halto di su ministerio, pa bin regla e supervision financiero 'de una vez por todas'. Gobierno di Aruba a realisa cu no tabatin sentido mas pa keda protesta contra supervision financiero di Reino, y na ultimo momento a bin cu e 'fabuloso' idea di un ley di Aruba mes, pero cu e supervision di Reino hinca aden. E Hulandesnan a bay di acuerdo, y bao di protesta e fraccion cu tabata apoya gobierno a aproba e ley aki. Oposicion a vota contra, naturalmente. Nos no ta bay ripiti tur loke a bisa den e dianan ey, pero en todo caso e sentimentonan contra e ley tabata masha fuerte mes. Tanto asina cu despues di cambio di gobierno e atakenan riba e ley cu e partido grandi den gobernacion tabata lansa contra e ley, cu nan tabata mira como surgi di e repertorio di triki di e anterior ministro presidente, no a bira menos.

Na fin di 2018 gobierno di coalicion a firma un protocol cu Hulanda, pa adapta e ley local y hinca e acuerdonan nobo den esaki. Na lugar di solamente pone e cambionan palabra, a bin e accion tan comenta di 'eclipse' Reino for di e ley, reduciendo esaki riba papel na un supervision unda e organismo di control lo mester a duna cuenta solamente na parlamento di Aruba. Nos ta corda bon cla cu di banda di gobierno no tabatin nada di sano huicio di desconseha nan coleganan di partido pa no haci esaki, pasobra aparte di ridiculo esaki no lo a keda asina di parti di gobierno Hulandes. Tabatin un celebracion no asina chikito ey den sala di parlamento, y conocedornan di e materia tabata contempla cu horor e manera di actua aki, bao di e consigna "Ta nos ta e organo mas halto di Aruba; ta nos ta manda". Aparentemente e damas y caballeronan a lubida cu nan ta parti di algo mas grandi cu Aruba, y cu e entidad ey a dicidi di impone supervision, cu nos gusta o laga. Seguidamente a surgi e realismo, cu e ley aproba ey tabata 'going nowhere'. Pareu e lo mester a bay pa Gobernador firma, su destino lo tabata seya. Asina e ley a yega na su morto promer cu el a nace oficialmente. Seguidamente, te awe, gobierno di Aruba y esun di Hulanda a coopera cu otro, mester bisa varios biaha di bon manera tambe, cu e ley bieu cu supuestamente no tin validez segun cierto hende, combina cu e acuerdonan di e protocol.

Lo tin lector cu lo puntra ta pakico nos ta dedica tanto atencion na e sucesonan aki. E motibo ta cu awor Hulanda a mira un oportunidad di deshaci completamente di e ley local di supervision, y bolbe na un ley di Reino, cu pa su contenido pa mayor parti ta identico na e ley di Aruba, pa e simple motibo cu e ley di Aruba a ser deriva di e ley di Reino di 2010 cu ta vigente pa e dos otro islanan. Anto kico ta e contesta di e gobierno cu nunca a gusta e ley inventa pa e partido rival? Aparentemente nan ta prefera di keda cu e patrimonio intelectual di e partido rival, y no bisa Hulanda cu ta OK pa crea un ley di Reino di supervision. For di un punto di vista oportunista nos por comprende e hugada aki: e ley local, sigur pa hende no asina bon informa, ta mas facil pa defende cu un ley di Reino cu ta duna e apariencia cu 'nos a entrega'.

E pregunta grandi cu ta keda ta si Hulanda ta bay guli e propuesta aki. Nan a pasa den un mal experiencia cu e ministro presidente aki, den e sentido cu den practica a keda comproba cu e no tin suficiente poder di conviccion pa taha cierto parlamentarionan bin cu idea cu for di punto di vista huridico merece e label 'disparate' y cu, pasobra e no tabata por o no a desea di para nan, e colaboracion cu Hulanda a bay malo. Pregunta: con na e momento aki ta pensa cu Hulanda ta bay expone su mes na un repiticion di loke a pasa aña pasa den nos parlamento? E Hulandesnan tambe conoce e famoso dicho di e burico cu no ta golpea su pia dos biaha na mesun piedra...

Ta hopi dificil pa imagina pues cu e asunto ta termina den un 'victoria' pa e actual ministro presidente y de paso tambe pa esun anterior, cu lo a logra gana punto cu e suceso historico, cu hasta su rival di semper ta defende 'su ley' dilanti Hulanda. "Het kan verkeren," e Hulandesnan ta bisa.

Bolivia: Ruman di ex vice-presidente a reconoce cu Evo Morales a purba di organisa milicia arma

(Infobae) – Na januari di e aña aki, Evo Morales a genera un polemica fuerte ora el a sigura cu den e caso cu e regresa pa presidencia di Bolivia, e lo organisa "milicia arma", estilo Venezuela.

Aunke el a rectifica despues, Raúl García Linera, ruman homber di ex vice-presidente Boliviano, Álvaro García Linera, a admiti cu durante e gestion di Evo, Movemento al Socialismo (MAS) a purba di duna movementonan social formacion militar.

"A purba di haci formacion militar di movementonan social.

Pero cu hopi iresponsabilidad, esunnan cu a participa a saca potretnan y a haci denuncianan di paramilitarismo, antidemocrata y tin cu para e actividadnan" Garcia a manifesta durante un entrevista pa un website Argentino. Segun e corant Boliviano Página Siete, Raúl García Linera durante gobierno di MAS nan a haci tareanan di inteligencia y agitacion.

E declaracionnan aki ta pone di manifiesto e intencionnan di e ex-presidente Boliviano pa stimula e estilo cu a wordo implementa pa dictadura Venezolano a traves di colectivonan chavista.

Venezuela: Mas sancion riba transportado di petroleo

(LaPatilla/Reuters) – E sancionnan di Merca a hiba e exportacion di petroleo di Venezuela te na e minimo den casi 80 aña, privando e gobierno socialista di Nicolas Maduro di su principal fuente di entrada y lagando nan sin cash pa importacion esencial manera cuminda y medicamento.

E sancionnan ta parti di e esfuerzonan di Merca pa debilita e regimen di Maduro, pero a pesar di e collapse economico di e pais, Maduro a retene poder y a frustra gobierno di presidente Donald Trump.

Washington ta concentra su atencion riba industria maritimo den ultimo lunanan, den un esfuerzo pa forza cumplimento di e sancionnan y isola gobierno na Caracas, segun delegado special Elliott Abrams a bisa Reuters.

"Loke lo mira ta cu mayoria di e empresanan maritimo y di seguro y capitannan di barco simplemente ta aleha di Venezuela", segun Abrams a bisa Reuters den un entrevista. "No ta vale la pena pa nan core e riesgo." Merca ta pone presion riba e companianan cu tin barco, riba e companianan specialisa den seguro di transporte maritimo, como tambe certificador y estadonan cu ta registra barco.

Merca ta desea cu e clasificadornan averigua si e barconan a viola e sancionnan pa revoca nan certificacion, como un forma di haci e sancionnan mas efectivo, un funcionario di gobierno Mericano a conta Reuters, bao condicion di anonimato. Sin certificacion, un barco ta keda sin seguro. E propietarionan di e barconan tambe lo ta incumpli e contratonan comercial cu ta requeri cu nan tin certificado. Ademas, autoridadnan portuario por rechasa entrada o por detene un barco.

Lloyd's Register (LR), cu sede na Londres, un di e principal clasificadornan di barco na mundo, a bisa cu nan a retira servicio di ocho barco petrolero involucra den comercio cu Venezuela. Abrams a bisa cu e presion riba e sector ta funcionando.

(LaPatilla/ABC) - Epicentro di e coronavirus ta den e cuartelnan di ehercito Venezolano. Ministro di Defensa, Vladimir Padrino Lopez, a anuncia cu tin mas di 160 oficial y tropa infecta cu e virus actualmente, mientras el a penetra tambe te den e circulonan mas halto di gobernacion, cu persona importante manera Diosdado Cabello y Tareck El Aissami, cu a resulta positivo pa Covid-19.

"Un grupo importante di oficial y tropa ta contagia cu Covid-19, mas di 160 efectivo cu tabata acompaña e brigadanan cas pa cas, e brigadanan di salud ordena pa presidente, efectivonan na puesto di atencion na frontera, nos tabata hopi cerca di e virus," general Padrino Lopez a reconoce.

A pesar di su anuncio di e brote den ehercito, fuentenan di salud a reporta cu den Hospital Militar Carlos Arvelo, na Caracas, tin mas di 200 pacient militar cu a drenta cu sintoma di coronavirus. Pero

e seccion di emergencia lo a collapse ya cu e no ta dispone di material pa atende nan personal.

Pa civilnan e situacion no ta mihor; por ehemplo na Hospital Magallanes, di Catia, e situacion ta desesperante; no tin cama pa por tuma pacient y e atencion na seccion di emergencia ta dificil, hopi pacient y poco material. E personal ta bao di stress y destroza pa cansancio.

Ministro Padrino a haci e anuncio diasabra pasa, hustamente despues cu Nicolas Maduro a ratifica su persona den puesto di ministro di Defensa pa di seis aña consecutivo, mientras ta e custumber di designa e ministerio di Defensa pa un aña so, pa e generalnan no cria raiz den e puesto.

Hulanda no kier pa corta den husticia y siguridad riba islanan

(Antilliaans Dagblad) - Te proximo aviso no lo corta den presupuestonan di servicionan di husticia y siguridad di e gobiernonan riba islanan Aruba, Corsou y Sint Maarten.

Aki ta trata di e cuerpo policialnan, e servicionan di aduana, e Landsrecherche, Ministerio Publico, Corte Comun di Husticia, Wardacosta di region Caribense, e prizonnan y e servicionan di inteligencia.

Esey ta para den e carta 'Condicionnan tercer tranche sosten di likides paisnan' di ministerio di Asuntonan Interno y di Relacionnan di Reino na conseho di minister di Reino (RMR). Esaki, segun e carta, ta pa salvaguardia stabilidad, orden publico y siguridad. E ta un decision generico cu ta conta pa tur e islanan den e parti Caribense di Reino.

Un otro punto cu e carta ta detaya ta cu Corsou, Aruba y Sint Maarten ta 'percura pa continuidad di e procesonan vital'. "Bou cual ta compronde den todo caso electricidad, suministro di azeta, internet, servicionan di data, suministro di awa, procesamento di buelo y avionnan, procesamento di boto, pagonan, servicionan di ayudo, e comunicacion entre nan y institutonan medico'.

Esey ta e condicionnan pa e di 3 tranche di ayudo financiero, den forma di un prestamo, na e tres islanan. Ademas di esey tin un condicionnan specifico, manera un pa Aruba cu ta indica cu Aruba mester bay di acuerdo cu e protocol di RST modifica pa asina Recherche Samenwerkingsteam (RST) haya autoridad pa haci investigacion bou autoridad local prome cu 15 di september 2020.

Mas aleu Aruba lo mester percura cu RST, wardacosta, Landsrecherche y Koninklijke Marechaussee (KMar) 'por conduci investigacionnan criminal independientemente'. Banda di esaki Aruba mester percura pa introduci un cambio den e ley di admision LTU pa asina famianan di ambtenaarnan di Hulanda cu wordo manda na e isla por haya admision a base di ley (van rechtswege).

Polis y organo di asilo ta viola privacidad di refugiado

(dutchnews.nl) Polis y e organisacion responsabel pa acomodacion di personanan cu ta pidi asilo a wordo acusa di viola privacidad di personanan den procedura di pidi asilo na Hulanda, mirando cu ta comparti nan informacion personal sin nan consentimiento of permiso.

COA (Centraal Orgaan opvang Asielzoekers), cual ta coordina Hulanda su camponan pa asilo, a comparti detayenan di residentenan cu tabata envolvi den incidentenan riba e sitio, incluyendo nan fecha di nacemento, nan etnicidad y nan religion.

E informacion a wordo comparti den un sistema cu e organo a set up hunto cu polis pa asina purba detecta infraccionnan manera fraude di visa, traficacion humano y terorismo. Pero expertonan legal a bisa cu e sistema a surpasa e limitacionnan stipula den ley, cual ta solamente duna COA autorisacion pa divulga detayenan personal di personanan pidiendo asilo si nan ta sospechoso di a comete un acto criminal.

Conny Rijken, profesor den traficacion di hende y globalisacion na universidad di Tilburg a bisa cu 'polis a tira un net mucho grandi'. Hunto cu Bart Custers, profesor di ley y ciencia di datonan (data science) na Leiden, el a bisa NRC cu e sistema ta stigmatisa personanan pidiendo asilo y ta riesga encurasha 'tunnel vision' di parti di polis.

E autoridad riba datonan personal, Autoriteit Persoonsgegevens a bisa cu e ta haciendo un investigacion riba e manera con COA y polis tabata anda cu e privacidad di personanan pidiendo asilo. Den un declaracion e organisacion a bisa NRC cu 'hende mester por confia cu gobierno ta lidia cu nan informacion di un manera cuidadoso'.

Polis a bisa cu ta trahando riba un acuerdo adicional pa asina 'defini mas miho con e intercambio di informacion mester bay'. Ta premira cu e documento nobo lo inclui liñanan di guia di con mester informa hendenan pidiendo asilo riba con nan detayenan personal ta wordo comparti y tambe pa establece e condicionnan bou cual por intercambia e informacion aki.

Cubri covid19 bou seguro di biahe complica pa agencia di seguro

(Antilliaans Dagblad) Biaha desde Corsou na paisnan cu ta considera como un riesgo 'averahe' pa contraccion di e virus ta posibel. Seguronan riba e isla ta kibrando cabes riba e cubrimento di covid den un seguro di biahe.

E problema ta sinta cu si un persona di Corsou biaha bay Hulanda of otro pais, e tin chens cu e por wordo infecta cu e virus. Den e caso di infeccion, tin chens cu no por biaha bek Corsou riba e fecha plania, pasobra ta posibel cu e test di PCR sali positivo en bes di negativo. Ken ta paga esey? Loke ta causa mas preocupacion ta den caso cu un biahero bira hopi malo y mester bay hospital, mirando cu e gastonan pa tratamento medico den intensive care ta enorme. Esey ta wordo cubri cu un seguro di biahe local?

Antilliaans dagblad a puntra Ennia y Guardian Group Fatum si nan ta cubri covid19 pa biaheronan cu tin pensa di bay riba vakantie. Na ambos compania, te fin di juni no tabata posibel pa cera un seguro di biahe pa termino corto y a tuma luga un paro temporal den aceptacion di peticionnan pa seguro di biahe. Guardian Group ta trahando riba un pakete cu ta inclui cubrimento pa covid19, mientras Ennia si desde siman pasa ta brinda un cubrimento adicional pa covid19 den nan seguro di biahe.

E situacion aki, segun director di operacionnan di Ennia Aichel Magdalena, ta un cuestion di calculacion di chens. "Nos ta haci uzo di un model cu ta asumi cierto expectativanan y riesgonan." A base di esey e compania di seguro a scoge pa 4 opcion, pa cual e gasto diario ta varia di 9 florin te 18.50 pa dia y e suma cu ta cubri ta core di 25 mil florin te 100 mil florin. "E premie diario ta mas halto cu e seguro di biahe normal, pero bo mes por determina cuanto riesgo bo kier core." Den e prome caso, si un persona por ehempel mester bay tratamento na hospital, e suma maximo di e opcion mas caro no lo ta suficiente pa cubri tur gasto. "E ora ey bo ta sigur 1 siman den hospital y e gastonan ta surpass 100 mil hopi lihe den e caso ey."

Ennia por cambia e pakete di covid19 inmediatamente y te hasta stop esaki si ta mustra cu tin mas claim cu a drenta cu a spera. Nan por baha of subi e premie tambe, dependiendo di cuanto persona claim. Si un persona no bin bek riba e fecha plania den cuadro di infeccion di covid19, e seguro ta reembolsa e persona pa gastonan di residencia te 14 dia despues.

Nan a hereda e tereno na Kaya Korona, situa banda di Peking Supermarket, cual tabata riba nomber di Martis ainda. Na mes momento corte a aproba e bendemento di e tereno di grandura di 7.275 meter cuadra na doño di Peking Supermarket pa un suma di 350 mil dollar.

Cornelis Martis segun bos di pueblo ta yiu di e Boneriano conoci Papa Cornes. El a nace riba 16 di september 1826 y a fayece riba 17 di september 1903. Martis a haya 9 yiu di 2 matrimonio. Di 4 di e yiunan a nace en total 93 descendiente cu a registra pa participa den e proceso. E hues ta menciona den su decision cu ta posibel cu tin centenares di descendiente ainda tanto na Boneiro como na Aruba, Corsou, islariba y Merca.

E persona procediendo den corte, Edgar Tjen-A-Kwoei, a pidi pa haya e tereno cual no tin niun construccion riba dje, y pa e haya e tereno aki y reparti e ganashi entre e herederonan. E hues a bay di acuerdo cu esey mirando cu a pasa 120 aña y di e manera aki por resolve e asunto di herencia di e personanan cu ta descendiente di Martis. Mirando cu Martis tabatin 5 yiu mas, ta posibel cu mas persona lo registra pa herencia di Martis. Pa e rason ey hues a dicta cu mester pone 50 mil dollar riba un cuenta di banco apart cerca notario Aniek Schouten.

E resto di e placa, 350 mil dollar, lo wordo reparti entre e 4 yiunan fayeci di Martis, cual despues e descendientenan di e yiunan aki por registra na seccion Burgerzaken pa asina ricibi nan porcion di e herencia. Bou un di e yiunan fayeci, 76 persona a regista.

Aruba no mester acepta e organo Zelfstandig Bestuursorgaan (ZBO)

Despues di a scucha ayera e reunion cu e partnernan social y e presentacion di e directornan di Ministerio di Finanzas y di Asuntonan general y huridico, e realidad pa futuro di Aruba ta bira mas bisto.

Un realidad cu den un par di dia Gobierno mester tuma un decision cu medidanan draconico y consecuencianan pa largo plazo, mientras Hulanda a prepara e plan aki for di lunanan anterior. Defacto no ta mira pakico Hulanda kier introduci un ZBO, si ya Aruba a dicidi caba di bin cu un begrotingskamer.

E entidad nobo ZBO lo ta un organo cu lo ta entre Hulanda – ZBO – Aruba, kende lo consisti di Hulandesnan so y nombra door di Gobierno di Hulanda en bes di tin representacion di Arubiano tambe. Den Statuut por lesa cu e asuntonan di Reino ta ser atende a base di e cooperacion existente entre e paisnan (y nan ministerionan) den Reino y no a traves di un ZBO cual awor via art. 39 ta trata di bin cune. Si Hulanda kier yega na un concordancia di e leynan cu ta conta pa tur cuater pais den Reino, anto cuminsa cu e posibilidad pa e.o. nos organisacionnan socio-cultural por aplica pa un subsidio cerca e fondonan Hulandes.

E organo aki lo tin como meta pa restructura e economia, bin cu reformanan den sector gubernamental, consolida e finanzas y fortifica e structura hudicial. Mester apunta akinan cu si ta trata di proyectonan economico; anto expertonan, empresanan y trahadornan local mester bin prome na remarca pa ehecuta e proyectonan. Sino lo no recupera e empresanan cu mester a cera nan portanan ni e empleadonan cu a perde trabou. E organo ZBO aki ta bay mas aleu cu e supervision financiero actual cu nos conoce, kende solamente mester duna cuenta na Hulanda y Aruba mes no tin nada di bisa den esey.

Si kier bin cu un control mas rigoroso, por haci esaki e.o. via e Ley di Reino cu desde 2010 ta conta pa Corsou y St. Maarten. E gobierno di Aruba mes por formula un plan integral cu tur e proyectonan necesario riba tereno economico – enseñanza y cuido. Mester evita cu ta bin proyecta ideanan cu ta conta pa paisnan grandi – manera flexibilisa e ley di retiro – cu ta afecta e posicion di trahadornan y lo crea mas insiguridad riba mercado laboral. Imagina bo mes cu otronan ta bin participa den e capital di empresa Setar cu ta duna un aporte na e presupuesto di Gobierno.

Hopi ta esnan cu ta kere cu si bay di acuerdo cu e condicionnan di Hulanda cu e situacion lo drecha. E sumanan cu lo presta Aruba ta un fianza cu mester paga bek y ta depende si Hulanda ta satisfecho cu e grado di reforma-

cion, lo tin sosten financiero adicional pa un cantidad di aña acerca. Acepta e ZBO ta nifica cu te aña 2039 nos ta mara na merced di Hulanda y cu un autonomia cu no ta encera mucho. Den tal caso tabata miho cu na 1996 nos a opta pa yega na un Mancomunidad cu Hulanda, unda nos lo por mantene nos autonomia.

Aruba cu propio 'ZBO'

Luga di laga Nederland bin cu un ZBO, segun ley di Nederland, Aruba mester probecha di e idea y introduci su propio ZBO, segun un ley di Aruba mes.

Pa cuminsa e ZBO di Aruba, cu poder pa dicidi y ehecuta, mester keda encarga cu organisacion di aparato gubernamental y tur asunto tocante "personal" di Gobierno y di tur instancia cu ta responsabilidad di Gobierno.

Por pidi Nederland yuda cu e ley y organisacion di e ZBO di Aruba bao responsabilidad di nos propio hendenan. Nederland por pone consehero pa yuda na cuminsamento.

Tur hende na Aruba sa y ta consciente cu ta e partidonan politico a causa e sobrepoblacion di empleado cu tin den Gobierno,trahando (no tur) sin respet, sin disciplina, sin orden, manera nan ke cu proteccion politico!
Awor ta ora pa saca e asunto aki for di influencia politico pa por traha riba "servicio drechi", "organisacion efectivo", "maneho estricto" y "trato y oportunidad igual pa tur ciudadano".

Pa mustra reino cu nos mes por, sin miedo!

Partidonan politico y 60/65+
Desaroyo na Aruba y otro paisnan ta indica cu cambionan (electronico/digital) riba tereno di servicio poco poco ta tumando un rumbo cu no tur hende por ta parti di dje y consecuentemente nan ta wordo lubida pasobra no ta bin cu solucion adecuado pa nan.

Gobierno mester bin cu maneho dirigi riba e grupo di hende cu pa un of otro motibo no por participa den e mundo electronico/digital mientras servicionan di gobierno poco poco ta wordo duna exclusivo pa medio electronico/digital.
Tambe tin un grupo grandi di poblacion cu no por bay personalmente na oficinanan di gobierno pa motibo di edad of otro motibo mientras e oficinanan ey ta rekeri presencia personal di un persona.

Atencion ta wordo pidi na gobierno y na partidonan politico di Aruba pa duna atencion na e realidad aki y bin cu solucion pa e grupo cu ta grandi den cantidad.

Considera: servicio na cas como solucion na prome instante den tur caso!

Parlamentario Alan Howell (POR):

A logra cu Aruba Offroad Foundation y Parke Arikok bolbe sinta na mesa

Parlamentario Alan Howell como presidente di e Comision Fiho di Infrastructura y Medio Ambiente den Parlamento a reuni cu e comision di Aruba Offroad Foundation y tambe cu gerencia di Parke Arikok.

E ta indica cu perde mas pan riba mesa no ta conta cu su sosten 'at all' y cu apesar cu nos tin cu proteha nos flora y fauna, tempo ta basta dificil caba door di e crisis cu Covid 19 a causa nos. "Mas hende sin trabou no por". Dentro di poco dia e vehiculonan di ATV y UTV lo no por drenta Parke Arikok mas y esaki logicamente ta un sla grandi pa e companianan unda cu por lo menos 500 persona lo por perde nan trabou y pan riba mesa.

Howell a expresa cu ambos reunion, tanto cu Aruba Offroad Foundation y como cu Parke Arikok a bay den bon ambiente y riba un nivel profesional. Un di e puntonan di Parke ta cu e ATV y UTV ta causa daño na nos naturalesa. Mientras tanto, companianan di ATV y UTV a bisa cu nan ta dispuesto pa respeta tur regla di Parke Arikok, pero pa prohibi nan di drenta lo ta un sla duro.

"Nos a logra pone e dos partidonan na mesa bek pa por trece un solucion satisfactorio pa ambos banda.

Mi lo sigui vigila e desaroyo aki di cerca", Alan Howell a conclui.

Parlamentario Endy Croes (MEP):

Aruba ta para dilanti un cruzada grandi

Hulanda kier impone Rijkswet y maneha Aruba desde Den Haag Parlamentario Endy Croes ta preocupa tocante e ultimo desaroyonan. No obstante cu Minister Presidente a acudi na Rijksministerraad diabierna ultimo y a logra entre otro frena e deadline pa cu e presion di Hulanda pa acepta Consensus Rijkswet y Caribische Hervormingsentiteit nos mester keda cu "wowonan" hancho habri den e proceso aki.

Deseo di Hulanda pa Caribisch Hervormingsentiteit:
Hulanda a expresa su deseo bon elabora den un documento di 218 pagina. Hulanda ta di opinion cu esaki ta e momento husto pues mei mei den un crisis pa regla tur cos y kier Aruba, Curaçao y St Maarten bay di acuerdo cu un Caribische Hervormingsentiteit.

Bou di (1) un solo paraplu. Kico e entiteit aki lo mester haci? Entiteit aki lo mester sanea, inverti y reorganisa e islanan usando nan experticio riba desaroyo economico y maneho financiero. Alabes e entiteit aki ta esun cu lo presta e islanan placa mara na un cantidad di condicion. No solamente lo enfoca riba e parti financiero pero lo tin tareanan specifico bou di e titulo landspakketten den economia, husticia, salubridad y enseñansa. Pues e lo bay hopi mas profundo cu kisas por a pensa.

Con e entiteit aki ta hinca den otro:
Caribische Hervormingsentiteit ta un modelo di ZBO esta zelfstandig bestuursorgaan. Pa por lanta esaki lo mester hasi uso di e "kaderwet zbo's" di Hulanda pues bou leynan Hulandes y e entiteit aki su adres lo ta na Den Haag Hulanda. Solamente Hulanda por nombra y por kita hende den e entiteit aki di acuerdo cu e Kaderswet zbo's esta ley Hulandes. E entiteit aki ta cay directamente bou di Minister di Binnenlandse Zaken en Koninkrijksrelaties (BZK). Alaves Staten General esta Parlamento Hulandes ta esun cu ta eherce e control riba e entiteit aki. Pues Parlamento di Aruba ta uitgeschakkelt.

Hulanda kier forsa Aruba drenta Rijkswet a cambio di un saco di plaka:
Enberdad AVP y Mike Eman a causa un desaster cu e pais aki y si no ta pa e desaster aki Aruba awe no mester mendiga na Hulanda. AVP a presta 2000 miyon florin den 8 aña pero banda di esaki AVP a firma projectonan PPP pa pueblo paga pa e proximo 20 añanan na balor di 82.4 miyon pa aña cual ta igual na 1650 miyon florin. Asina mester accentua cu AVP den 8 aña a percura pa aumenta e debe cu 3650 miyon sin conta proyectonan Bo Aruba.

Pueblo Bo ta echt mira 3650 miyon riba e isla aki? Si tene na cuenta cu na 2009 MEP a laga e debe nacional na 43% den cuadro di tur standardnan internacional y den apenas 8 aña AVP a manda esaki na 93% esta na rand di bancarota por splica pakico nos ta para akinan awe.

Si Mike Eman a maneha na drechi awe nos no mester pidi Hulanda prestamo. Awor Hulanda kier probecha di problema financiero di Aruba causa pa AVP y efectonan grandi cu corona virus a ocasiona mundialmente pa pusha Aruba den un direcion cu Aruba no ta desea a cambio pa Aruba haña 204 miyon florin como prestamo. CAFT (Hulanda) ta na Aruba desde 2014 pa supervisa pero CAFT tambe tabata masha complaciente cu Mike Eman y a laga Mike tuma nan haci cu cifranan ficticio aceptando crecemento economico falso y entrada di Refineria CITGO cu nunca a opera pa asina cera nan begroting pa cumpli cu normanan cu CAFT a impone. Ze stond erbij te kijken! Aruba mester para duro unda nos lo por biba cu un LAFT nobo pero No ta momento pa Aruba bay bek den scochi di Hulanda. Pueblo aki ta prepara pa bisa ayo Bandera, ayo Himno, ayo nos florin?

Premier Evelyn Wever-Croes:

Aruba y Hulanda ta na mesa pa delibera riba e condicionnan nobo

Premier Evelyn Wever-Croes a yega Aruba bek diasabra atardi despues di un estadia di 48 ora na Hulanda.

"Hopi cansa pero satisfecho"

Premier a duna di conoce cu e ta satisfecho riba e resultadonan te cu awor, na prome luga pasobra Aruba a demostra di a cumpli cu tur e condicionnan di e di tres tranche di e fiansa. Cu excepcion di e ultimo condicionnan cu ta apenas 4 dia prome nan a wordo ricibi.

Den nomber di Gobierno di Aruba Premier a informa Hulanda cu Aruba no por acepta e condicionnan manera cu nan ta awor. El'a duna dos motibo.

Na prome luga, e procedura. Den 4 dia ta imposible pa duna un compromiso politico pa dos rijkswet, y ademas, no a cana e caminda pa yega na consensus. Tabata mas bien "Take ot or leave it" y esey no ta consensus. E di dos motibo ta pasobra e ley di reino di e entidad Caribense di reforma (abreviacion na Hulandes ta CHE) ta mina e autonomia di e paisnan den e forma cu e ta awor.

Aruba ta cumpli cu e condicionnan

Hulanda su posicion ta cu si e paisnan Aruba, Corsou y Sint Maarten no acepta e condicionnan, lo no duna e fiansa. Premier di Aruba a protesta contra esaki. Si Hulanda nenga e peticion di Aruba pa fiansa, esaki ta un falta di reconocimento di e sacrificio y dolor di e pueblo Arubiano, cu a cumpli cu tur condicion te awor. E hecho cu ta apenas awor a manda 218 pagina na condicion, no ta culpa di Aruba. Aruba tin derecho di tuma su tempo pa studia e documentonan pa despues tuma un decision. Y eventualmente yega na un consensus.

Diferencia entre Aruba y Corsou / Sint Maarten

Hulanda a reconoce cu tin un diferencia entre Aruba di un banda y Corsou y Sint Maarten na otro banda. Hulanda no kier a haci e distincion aki, pa mas facil pa nan. Aruba, Corsou y Sint Maarten realmente tin hopi similaridad, pero realidad ta cu mester tene cuenta cu e diferencianan.

Hulanda a reconoce cu Aruba ta cumpli cu tur demas condicionnan - algo cu tanto Premier Rutte como Secretario di Estado Knops a reconoce publicamente den nan conferencia di prensa - y a expresa tambe confiansa den e Gobierno di Premier Wever-Croes. A base di esaki Hulanda a decidi di sigui e trayecto di negosacion cu Aruba pa mira si ta yega na consensus.

Premier Wever-Croes a expresa: "Nos no ta contra supervision, tampoco extra supervision. Nos ta compronde cu si Hulanda ta bay presta nos mas placa, cu nan lo kier mas supervision. Nos no ta contra reforma, nos propio plannan di reforma ta bay mas leu cu e 'plan' di Hulanda riba algun punto. Nos ta contra e forma con a trata e tema aki.

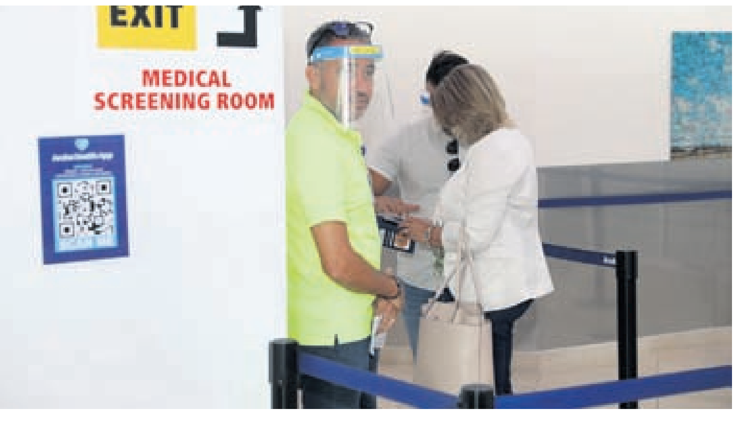

Awor tin un apertura, y nos a cuminsa mesora cu negociacionnan y lo tene cuenta cu nos posicion. Dentro di algun dia nos ta spera di por yega na otro.

Un otro punto positivo ta cu awor e documentonan a wordo publica, y nos a manda nan mesora pa Parlamento di Aruba.

Pues tin un apertura, cu no tabata tin siman pasa prome cu mi a biaha. Mi ta satisfecho cu locual nos a logra te cu awor, maske nos no ta cla ainda. Mi ta keda optimista".

Test di covid

A base di e protocolnan vigente, Premier mester a haci e test di Covid na Aeropuerto Reina Beatrix y mester a warda den cuarentena pa haya e resultado. Mientras tanto e resultado a drenta y ta negativo, pues Premier Evelyn Wever-Croes por sali di cuarentena. Dialuna awor e lo duna un conferencia di prensa.

Minister Chris Romero (MEP):

'Esaki ta e momento pa nos uni y lucha hunto pa reconstrui nos pida baranca stima'

Casualmente e siman aki a marca net 6 aña cu ex Prome Minister, Mike Eman, a dicidi di drenta un welga di hamber pasobra Gobernador di e tempo ey, sr. Fredis Refunjol, a nenga di firma e presupuesto bou instruccion di Hulanda. Un tempo bastante tenso pero cu a marca nos historia politico na Aruba di un forma negativo.

Y awe, 6 aña despues, nos ta pasando den un crisis sin precedente danki na e pandemia di COVID-19. Despues di a traha sumamente duro pa por a sanea e desaster financiero cu nos Gobierno a hereda, e crisis di COVID a yega pa duna nos un gran golpi, net na momento cu e panorama financiero tabata mustrando hopi positivo pa Aruba.

Esaki tabata un siman di hopi tension y preocupacion pa nos pais. Pasando den incertidumbre pa sa si Hulanda lo fia nos e di 3 tranche di apoyo financiero pa Aruba cumpli cu su debernan y nos por keda sobrevivi den e tempo dificil aki. Nos Gobierno a haya e documentacion oficial caminda a realisa con Hulanda a pone condicionnan sumamente estricto pa acorda den practicamente 5 dia.

Pero decisionnan di un enbergadura asina grandi no por wordo tuma den lapso di menos cu 5 dia, mucho menos ora ta trata futuro di un pais. Pero asina mes nos Gobierno diligentemente a tuma e decision di sinta cu tur sector cu ta conforma nos pais pa asina splica nan, segun nos tabata por, e situacion real actual. E mensahe tabata hopi cla y e mesun dia ey nos Prome Minister, sra. Evelyn Wever-Croes, a tuma un avion rumbo Hulanda pa asina haci tur loke ta den su poder pa negocia un mihor propuesta pa Aruba.

Cu e determinacion y curashi cu semper a caracterisa su persona, y pa loke cu nos semper a admir'e, Premier Evelyn Wever-Croes a yega Hulanda pa personalmente purba acorda e mihor solucion na bienestar di nos Pais. Esaki ta e actitud di un Lider cu tin su pais na pecho realmente! Y nos MinPres a logra haya un tempo adecua pa negocia cu Hulanda, cual ta duna nos Gobierno e espacio necesario pa por analisa e propuesta mihor y asina hunto por yega na un conclusion y eventual solucion.

Esaki ta e momento pa nos pais uni bou di un solo capa y lucha hunto pa reconstrui nos pida baranca stima. Y como Arubianonan balente y luchador, hunto nos lo logra pone nos pais bek ariba pia y mas fuerte cu nunca. Pero esaki lo tuma sacrificio for di nos, e ta exigi perseverancia y fortalesa, algo cu no ta desconoci pa nos hendenan. Awor mas cu nunca nos mester laga tur guera politico un banda y uni bou di nos sentimento y amor patrio, pa lucha pa e bandera cu tanto a costa nos pa logra.

Tire Lady

Y ya ta tres aña den su preparacion cu a inicia cu entrenamento cu peso y condicion. Genny a siña ski na Canada y tabata rollerski, haci ehercicionan pa altitud y otro. Ora cu e lockdown a bin e aña aki, e mester a adapta su training, aunke e mester a cancela algun elemento crucial. Locual si el a logra ta train pafo ta lastra tire. E mes ta traha na cas, pa siguridad cu e no ta keda infecta cu e coronavirus cu por ta hopi peligroso p'e, mirando cu e lo no cura di Lyme Disease. Pero su condicion ta optimo. "Mi ta lanta 4or di mainta, dos biaha pa siman pa lastra e tirenan pa dos ora prome cu mi cuminza traha y riba diasabra, pa 5 a 6 ora. Den mi bario nan conoce mi como 'The Tire Lady.'"

E costonan tambe ta halto. E dama Arubiano a logra acumula 65 mil dollar na sponsors y falta 15 mil ainda. Si e no logra haya mas sponsors, e mes lo paga pa e resto. E placa cu e ta recaudando ta bay completo pa e Lyme Aid UK. E lo ta den un grupo di tres persona mas un guia. Ainda e mester conoce su compañeronan cu tambe ta haci'e pa recauda fondo pa yuda organisacionnan. E lo conoce nan otro luna, pa asina forma un laso pasobra "nos ta bay pasa 24 ora hunto y mester tin confianza cu otro. Hasta ora di bay baño." Su famia na Aruba no por caba di comprонde e curashi di Genny.

Kisas ta e combinacion di Arubiano y e hazaña pa Antartica ta locual cu mas ta yama atencion. E hecho cu un persona di tropico ta bay den un di e zonanan mas friu pa un reto grandi, tin su resultado. Banda di e articulo den e corant local, tambe su sponsornan ta publica su storia.

Antarcticaruban

Genny a studia bio-quimica na Canada, y despues no haya trabou na Aruba, el a tuma e oportunidad pa sigui cu su carera na Inglatera. For di principio caba ta puntr'e di unda e ta. E no tabata cuadra den e imagen cu tin di personanan di Caribe . "Mi ta kere e hecho cu mi ta papia hopi idioma ta yamativo. Pero mescos cu na Canada, nan tabata puntra mi di con nos di Aruba ta diferente." Den concepto di Brown, e historia di Aruba ta hunga un rol cu ta pone cu mayoria Arubiano ta mas confortabel unda cu nan ta biba y esey ta pone cu nan ta haya un luga lihe den comunidad.

Y awor door di scoge e nomber Antarticaaruban, e ta yama mas atencion ainda, particularmente pasobra e ta yuda e pais unda e ta biba. Y sigur si e logra, e lo ta un bon embahador pa Aruba tambe na Inglatera. "Hopi Ingles a tende di Aruba y ta asoci'e cu paraiso." Y awor nan por asoci'e cu un Arubiano cu ta percura pa mehora nan sistema di cuido.

"Como un hende muhe colo scur di Caribe y particularmente un isla chikito manera Aruba, mi ta hopi consciente cu poco di nos tin e oportunidad pa haci algo asina. Hopi di nos ta confronta barerанan hasta pa biba nos bida diario. Y un reto asina aki ta mustra hopi leu y imposibel. Locual ami ta gusta ta inspira otro pa pone metanan halto, soña grandi, traha duro y nunca keda satisfecho cu locual otro ta kere cu abo por."

Cremacion pa victima di Covid ta opcion, no obligacion

Antes cremacion no tabata un opcion, pero awoaki si. Mirando e situacion di Covid-19, den otro paisnan e victimanan mortal di e virus aki ta wordo crema. Na Aruba esaki no ta un obligacion, pero e por ta un opcion si.

Sinembargo, hefe di Dienst Warenkeuring en Hygiene, Yvette Geerman a bisa cu pa atende un caso asina, nan tin un protocol. Eynan ta para henter e proceso si un persona a fayece di Covid. Si e ta wordo dera of si e mester wordo crema. E ta depende di e famia.

E protocol ta indica e forma corecto higienicamente pa minimalisa e riesgonan. Specialmente uzando tur e materialnan y proteccion personal corecto pa atende cu Covid. Pero tambe pa cualkier otro tipo di malesa contagioso. Den e casonan aki e funerarianan mester cumpli cu e protocol manera debe ser.

Tambe cremacion a bira un opcion mirando cu nos ta un isla chikito, y e santananan cu no tin espacio mas pa sigui dera. Ademas nos poblacion a crece hopi durante e delaster añanan. Ta asina cu cremacion pa atende cu nos difuntonan ta birando un opcion cu no ta wordo descarta. Sinembargo Sra. Geerman ta kere cu prome mester bin un estudio pa determina den cual direccion nos mester bay.

Ley di financiamento di partidonan politico sin mucho consulta

Parlamentario Edgard Vrolijk ta na spera di ki dia presidente di parlamento lo yama reunion pa trata e ley di financiamento di partidonan politico. E ley ta cla, sinembargo e ley importante aki no a wordo someti na consulta cu e diferente stakeholder.

Encuanto si e ley aki a pasa den e diferente stakeholder, e parlamentario en cuestion a bisa cu den pasado tur esun cu a traha riba e ley aki a haci esey. Pero p'e, e momento a yega pa tuma iniciativa di bin cune, y no laga e ley aki drumi mas tempo.

E ta haya cu Gobernador ta e stakeholder mas importante den e proceso aki, y ya caba e ley aki a wordo entrega na dje. "Si bo ta keda warda nunca nada lo ta pasa," el a declara.
Tambe el a laga sa cu e no a papia cu coleganan riba dje, y na momento di votacion lo keda na cada ken con nan ta vota. Sinembargo el a bisa cu e ta un decision di partido pa determina kico lo pasa cune, pero di e candidatonan tambe.

Si e ley ta wordo aproba ta di gradici pa esey. Pero si Parlamento no lo aproba, nan lo sigui mescos. Pero si e ta haya cu na su momento pueblo lo sa di balora ken ta combati corupcion den e pais aki.

Judge blocks federal executions; administration appeals

Continued from Front

The inmates have identified alternatives, including the use of an opioid or anti-anxiety drug at the start of the procedure or a different method altogether, a firing squad, Chutkan said.

The Justice Department appealed to the U.S. Court of Appeals for the District of Columbia Circuit.

And the Bureau of Prisons continued with preparations in order to move forward should the stay be lifted. The man slated for execution, Daniel Lewis Lee has had access to social visitors, has visited with his spiritual adviser and has been allowed to receive mail, prison officials said. He's been under constant staff supervision. The witnesses for Lee are expected to include three family members, his lawyers and spiritual adviser.

In this March 17, 2003 file photo, guard towers and razor wire ring the compound at the U.S. Penitentiary in Terre Haute, Ind., the site of the last federal execution.

Associated Press

The new hold came a day after a federal appeals court lifted a hold on the execution of Lee, of Yukon, Oklahoma, which was scheduled for 4 p.m. EDT on Monday at the federal prison in Terre Haute, Indiana. He was convicted in Arkansas of the 1996 killings of gun dealer William Mueller, his wife, Nancy, and her 8-year-old daughter, Sarah Powell.

"The government has been trying to plow forward with these executions despite many unanswered questions about the legality of its new execution protocol," said Shawn Nolan, one of the attorneys for the men facing federal execution.

The Lee execution was to be carried out after a federal appeals court lifted an injunction on Sunday that had been put in place last week after some members of the victims' family argued they would be put at high risk for the coronavirus if they had to travel to attend. The family on Monday appealed to the Supreme Court.

The decision to move forward with the execution -- and two others scheduled later in the week -- during a global health pandemic that has killed more than 135,000 people in the United States and is ravaging prisons nationwide, drew scrutiny from civil rights groups as well as family of Lee's victims.

Critics argue that the government is creating an unnecessary and manufactured urgency for political gain. The developments are also likely to add a new front to the national conversation about criminal justice reform in the lead-up to the 2020 elections.

Anti-death penalty protesters began gathering in Terre Haute on Monday. Organizer Abraham Bonowitz drove a van through the city with a sign emblazoned on the side of a trailer that read, ""Stop executions now!"

Because of coronavirus concerns, Bonowitz said his group, Death Penalty Action, wasn't encouraging others to show up. No more than a few dozen protesters were expected to join him.

"It's symbolic," Bonowitz said about the protests. "We are just here to say that this is wrong."

In an interview with The Associated Press last week, Attorney General William Barr said the Justice Department has a duty to carry out the sentences imposed by the courts, including the death penalty, and to bring a sense of closure to the victims and those in the communities where the killings happened.

But relatives of those killed by Lee strongly oppose that idea. They wanted to be present to counter any contention that it was being done on their behalf.

"For us it is a matter of being there and saying, `This is not being done in our name; we do not want this,'" said relative Monica Veillette.

The relatives would be traveling thousands of miles and witnessing the execution in a small room where the social distancing recommended to prevent the virus' spread is virtually impossible. An attorney for the family members who have objected to the execution said they hadn't traveled to Indiana, as of Monday morning. ❑

California shuts bars, indoor dining and most gyms, churches

SACRAMENTO, Calif. (AP) — California Gov. Gavin Newsom on Monday extended the closure of bars and indoor dining statewide and ordered gyms, churches and hair salons closed in most places as coronavirus cases keep rising in the nation's most populated state.

On July 1, Newsom ordered 19 counties with a surging number of confirmed infections to close bars and indoor operations at restaurants, wineries, zoos and family entertainment centers like bowling alleys and miniature golf.

The Democratic governor extended that order statewide Monday. He also imposed additional restrictions on the 30 counties now with rising numbers, including the most populated of Los Angeles and San Diego, by ordering worship services to stop and gyms, hair salons, indoor malls and offices for noncritical industries to shut down.

"The data suggests not everybody is practicing common sense," said Newsom, whose order takes effect immediately.

He didn't include schools, which are scheduled to resume in a few weeks in much of the state. But Monday, the state's two largest school districts, San Diego and Los Angeles, announced their students would start the school year with online learning only. LA Unified is the second-largest public school district in the country.

In March, California was the first state to issue a mandatory, statewide stay-at-home order to slow the spread of the coronavirus. The order appeared to work as cases stabilized in the ensuing weeks while other states grappled with huge increases.❑

Advocates seek law change to end citizen arrests in Georgia

By JEFF AMY
Associated Press

ATLANTA (AP) — Civil rights groups called for Georgia lawmakers to repeal the state's 19th-century citizen's arrest law Monday, but some Republican lawmakers voiced concerns that without the law, property owners might not have the authority to detain thieves until police arrive.

The law came under fire after it was initially used as a justification for the white men who shot and killed Ahmaud Arbery, a Black man, near Brunswick in February. The law also factored into the claims last year by a white woman that she was justified in shooting a Black man in Clayton County. In both those cases, additional evidence has dispelled the notions that the shooters could use the law to justify their actions.

Advocates say the law is steeped in racism and slavery, and was used to round up suspected escaped slaves and then as a justification for the lynching of African Americans.

"The broad language of this statute has dangerously allowed for private citizens to take the law into their own hands, which ultimately would always lead to devastating consequences," state NAACP President James Woodall said. He argued that private citizens are likely more biased against African Americans, and face no scrutiny, unlike police.

Department of Health and Human Services Secretary Alex Azar speaks during a White House Coronavirus Task Force briefing at the Department of Education building Wednesday, July 8, 2020, in Washington.

Associated Press

Opponents argue that today it encourages people to use force to arrest people when they should instead wait for police, encouraging violence.

"It has historically allowed slave patrols and lynch mobs to take the law into their own hands," said Christopher Bruce, political director for the American Civil Liberties Union of Georgia. "And today, it continues to permit people to weaponize their own racial biases and deprive innocent Georgians of their most basic liberties — freedom and life."

Efforts to repeal the law failed during the recently concluded 2020 legislative session, but the House Judiciary Committee is holding a series of hearings this summer, possibly setting the groundwork for a newly elected General Assembly to consider changes next year.

Gwinnett County District Attorney Danny Porter testified that he generally opposes citizens arresting one another.

"They usually turn out badly. They're usually based on someone's misinterpretation of the law," Porter said. "Citizen's arrest, in this age of increased police forces, is really kind of an archaic concept."

But he urged lawmakers to make sure stores can detain shoplifters and homeowners can detain burglars. He said that under the state's self defense laws, lawmakers could create a situation where it's legal for a homeowner to shoot a thief but not detain him.

"Then there's no incentive not to shoot him, because under our self defense laws, I'd be justified," Porter said.

Others disagreed with those interpretations, saying there's already room under Georgia law even without citizen's arrest for merchants, property owners and other to detain suspected lawbreakers until police arrive.

"Those detentions can remain lawful without providing arrest powers to private persons," said Marissa McCall Dodson, public policy director for the Southern Center for Human Rights.

Bruce said the ACLU recommends that Georgia write a specific provision for merchant detentions based on Virginia law.

State Rep. Bert Reeves said he feared that repealing citizen's arrest could leave people making choices that would be highly subjective based on the facts of a situation.

"I don't think we can subjectively look at this and come to a conclusion that properly balances property rights in this," the Marietta Republican said.❑

Oregon, other states putting names of ousted police online

SALEM, Ore. (AP) — In the aftermath of the death of George Floyd in police custody, Oregon has released the names of over 1,700 officers whose transgressions over the past 50 years were so serious that they were banned from working in law enforcement in the state. The online posting last week came after the state Legislature created a law requiring the Department of Public Safety Standards and Training to establish a statewide public database of officers whose certification has been revoked or suspended.

"Those who are revoked have tarnished the badge and no longer have the trust of their community, their agency, or our agency as the certifying body," department director Eriks Gabliks told The Associated Press.

The web site includes a spreadsheet with the names of decertified officers going back to 1971. In at least one instance, a police officer who was decertified in Oregon obtained employment in law enforcement in another state, a situation that some say points to the need for a comprehensive, nationwide database.

Former Coquille, Oregon, police officer Sean Sullivan was convicted of harassment in 2005 for kissing a 10-year-old girl on the mouth.

A year later, he became chief of police of the tiny town of Cedar Vale, Kansas.

He quit that job while being investigated there.

In the absence of an official nationwide database, a non-profit maintains a website intended to be a national registry of certificate or license revocations. The National Decertification Index provides access to records from agencies in 44 states and was created by the International Association of Directors of Law Enforcement Standards and Training.

"More needs to be done," he said in an email. "First the NDI is voluntary so we have states like Georgia that don't contribute and the ones that do could stop at any time.

Second, many states can only decertify for crimes, some only for felony convictions, but many forms of misconduct conducted by officers are not crimes but need to be investigated."❑

AP Explains: Why Serbs are protesting against virus lockdown

By DUSAN STOJANOVIC
Associated Press

BELGRADE, Serbia (AP) — Thousands of people in Serbia have been holding protests against the country's president and his government in what was initially triggered by his plans to reintroduce lockdown measures to contain the coronavirus outbreak in the Balkan country.

Many in Serbia accuse increasingly authoritarian President Aleksandar Vucic of letting the virus crisis spin out of control in order to hold a parliamentary election on June 21 that tightened the ruling party's grip on power.

Vucic has denied this although authorities had relaxed the rules on mass gatherings prior to the vote, allowing crowds at soccer games and tennis matches, nightclubs, restaurants and weddings.

Some of the demonstrations turned violent, with protesters trying to storm the parliament building in the capital, Belgrade.

The protesters, who have been defying an anti-virus ban on gatherings of more than 10 people, threw bottles, rocks and flares at police who were guarding the parliament building, and police responded with tear gas to disperse the angry crowds.

The protests, which started in Belgrade but later spread to several other Serbia cities, are considered the most intense since the overthrow of former Serbian strongman Slobodan Milosevic who was also unseated in a popular rebellion in October 2000.

___

WHAT TRIGGERED THE PROTESTS?

Last week's demonstrations were at first driven by frustration over renewed lockdown measures to contain the pandemic, but soon evolved into anti-government rallies with participants demanding Vucic's resignation.

The protests initially started July 7 when the president announced that Belgrade would be placed under a new three-day lockdown following a second wave of confirmed coronavirus infections.

They have continued even though Vucic suspended his plans to enforce the lockdown. Instead, his government has banned gatherings of more than 10 people in the capital.

Without clear leadership or a unifying message, the gatherings quickly attracted different groups, ranging from far-right and anti-vaccination groups to nationalists claiming Vucic wants to "betray" the Serbian cause and "sell off" Kosovo — the former Serbian province which they consider the cradle of Serbian medieval state and religion — in exchange for the country's membership in the European Union.

The main opposition parties allege that Vucic and his secret service have used far-right groups to infiltrate the protests to hijack and weaken the uprising. The opposition says this has been done to distract the population from the main purpose of the demonstrations — protesting against Vucic's coronavirus policies. The president has denied this.

Because of a drop in the number of citizens that have gathered during the weekend, these nationalist groups have gained in prominence.

___

WHAT WAS THE PRESIDENT'S REACTION?

Vucic and other Serbian officials have denounced the protests as an attempt to overthrow the government and weaken his position in EU-mediated negotiations on Kosovo, the former province whose 2008 declaration of independence Belgrade doesn't recognize.

Vucic said he's not afraid that he could lose political power amid the protests and expressed his fear about the spread of the virus by the demonstrators.

He pledged the state will curb the unrest, urging his followers not to confront the demonstrators. He denounced the protesters as "hooligans" and "sons of tycoons" who want to take power without elections.

___

WHAT WAS THE POLICE REACTION?

Police reacted to the attacks with a heavy hand, brutally beating up protesters and arresting several dozen, some of whom were swiftly sentenced to prison terms. Some were detained at their homes after being at the protests.

Footage from the rallies show a widespread violent crackdown against protesters in Serbia's capital, Belgrade, and other major towns across the country which left dozens of people injured. Reporters covering the protests weren't spared from attacks by police or right-wing groups.

Videos on social media appeared to show police severely beating up protesters.❏

UN: Pandemic could push tens of millions into chronic hunger

By FRANCES D'EMILIO
Associated Press

ROME (AP) — The United Nations says the ranks of the world's hungry grew by 10 million last year and warns that the coronavirus pandemic could push as many as 130 million more people into chronic hunger this year.

The grim assessment was contained in the latest edition of the State of Food Security and Nutrition in the World, an annual report released Monday by the five U.N. agencies that produced it.

Preliminary projections based on available global economic outlooks suggest the pandemic "may add an additional 83 (million) to 132 million people to the ranks of the undernourished in 2020," the report said.

Also compounding the situation is what the report's authors described as "unprecedented Desert Locust outbreaks" in Eastern Africa.

The U.N. agencies estimated that nearly 690 million people, or nearly 9% of the world's population, went hungry last year, an increase of 10 million since 2018 and of nearly 60 million since 2014.

The report noted that after steadily declining for decades, chronic hunger "slowly began to rise in 2014 and continues to do so."

In terms of sheer numbers, Asia is home to the greatest number of undernourished people, an estimated 381 million, the report said. Africa has the most as a percentage of the population, U.N. researchers found, with nearly 20% of the continent's people undernourished. That compares to 8.3% in Asia and 7.4% in Latin America and the Caribbean, according to the report. ❏

EU, Turkey clash over Hagia Sophia, Mediterranean drilling

By RAF CASERT
Associated Press

BRUSSELS (AP) — Turkey and the European Union clashed on Monday over Ankara's decision to change the status of Hagia Sophia from a museum to a mosque and its continued energy exploration in disputed Mediterranean waters.

After their their first face-to-face meeting in months, the 27 EU foreign ministers said that they "condemned the Turkish decision to convert such an emblematic monument as the Hagia Sophia," EU foreign affairs chief Josep Borrell said.

"This decision will inevitably fuel the mistrust, promote renewed division between religious communities and undermine our efforts at dialog and cooperation," he said after the meeting of EU foreign ministers.

He said there was "broad support to call on the Turkish authorities to urgently consider and reverse this decision." Hagia Sophia was originally built in Istanbul as a Christian cathedral, and the pope and others have expressed their sadness and criticism of the move by President Recep Tayyip Erdogan.

European Union foreign policy chief Josep Borrell reads a statement as he arrives for a meeting of EU foreign ministers at the European Council building in Brussels, Monday, July 13, 2020.
Associated Press

Greek government spokesman Stelios Petsas said Monday that the EU was "faced with a challenge and insult" meted out by Erdogan. Turkish Foreign Minister Mevlut Cavusoglu hit back and rejected international intervention concerning its decision to convert Hagia Sophia back into a mosque. "Hagia Sophia was left as a legacy as a mosque and must be used as a mosque," Cavusoglu told state broadcaster TRT. "We strongly reject comments that amount to an intervention in Turkey's sovereign rights."

Borrell was in Turkey last week where he also discussed Ankara's disputes with Greece and Cyprus over energy exploration in the eastern Mediterranean region. Turkey has dispatched warship-escorted vessels to drill for gas in an area where Cyprus insists it has exclusive rights. The Turkish government has said it's acting to protect its interests in the area's natural resources and those of Turkish Cypriots. Petsas said that Turkish drilling was blatantly contrary to international obligations and international law" and said that Greece would be looking to prepare a list for possible "political, diplomatic and financial" sanctions.

Again, Cavusoglu stood firm. "If Greece were to turn away from its maximalist ways and agree to a fair sharing (of rights), and if it were to convince Cyprus to a fair sharing of revenues (from the exploration of natural resources), then 80% of our problems would solved," Cavusoglu said.

Borrell said there were no immediate decisions at Monday's meeting but that the ministers would revisit the issue at their next meeting in Berlin in August.

Even as the rift between both sides was deepening, the 27 EU ministers couldn't get that close among themselves either. It was their first in-person meeting since the coronavirus lockdown set in, but because of social distancing rules, there was only room for lots of elbow bumping for a greeting and little reading of lips, since ministers were wearing masks around the meeting table.❑

Israeli court rejects petition to curb spyware company

By ILAN BEN ZION
Associated Press

JERUSALEM (AP) — An Israeli court has rejected a request to strip the controversial Israeli spyware firm NSO Group of its export license over the suspected use of the company's technology in targeting journalists and dissidents worldwide.

The case, brought by Amnesty International in January, called on the court to prevent NSO from selling its technology abroad, especially to repressive regimes.

The Tel Aviv District Court ruled that Amnesty's attorneys did not provide sufficient evidence "to prove the claim that an attempt was made to track a human rights activist by trying to hack his cell phone" or that the hacking was done by NSO. "Granting a license is done after the most rigorous process and also after granting the permit, the authority conducts oversight and close inspection, as necessary," the court said. If human rights are found to be violated, that permit can be suspended or canceled, it added.

In this March 5, 2020 file photo, journalist and activist Omar Radi speaks after a hearing at the Casablanca Courthouse, In Casablanca, Morocco.

The court issued its ruling on Sunday, but only made it public on Monday.

Gil Naveh, spokesman for Amnesty International Israel, said the group was disappointed but not surprised.

"It's been a longstanding tradition for the Israeli courts to be a rubber stamp for the Israeli Ministry of Defense," he said. The group doesn't know what evidence NSO or the Defense Ministry gave to the court, because the hearings were closed. "Even if we knew, we were not able to talk about it," he said.

In 2018, Amnesty claimed one of its employees was targeted by NSO's malware, saying a hacker tried to break into the staffer's smartphone, using a WhatsApp message about a protest in front of the Saudi Embassy in Washington as bait.

NSO, an Israeli hacker-for-hire company, uses its Pegasus spyware to take control of a phone, its cameras and microphones, and mine the user's personal data.

The company has been accused of selling its surveillance software to repressive governments that use it against dissidents. It doesn't disclose clients, but they are believed to include Middle Eastern and Latin American states. The company says it sells its technology to Israeli-approved governments to help them combat criminals and terrorism.

NSO Group said in a statement that the company "will continue to work to provide technology to states and intelligence organizations," adding that its purpose is to "save human lives." In a report published last month, Amnesty International said Moroccan journalist Omar Radi's phone was tapped using NSO's technology as part of the government's efforts to clamp down on dissent.

A Saudi dissident has accused NSO of involvement in Saudi journalist Jamal Khashoggi's killing in 2018.❑

U.S. budget deficit hits all-time high of $864 billion in June

By MARTIN CRUTSINGER
AP Economics Writer

WASHINGTON (AP) — The federal government incurred the biggest monthly budget deficit in history in June as spending on programs to combat the coronavirus recession exploded while millions of job losses cut into tax revenues.

The Treasury Department reported Monday that the deficit hit $864 billion last month, an amount of red ink that surpasses most annual deficits in the nation's history and is above the previous monthly deficit record of $738 billion in April. That amount was also tied to the trillions of dollars Congress has provided to cushion the impact of the widespread shutdowns that occurred in an effort to limit the spread of the viral pandemic.

This Sept. 18, 2019, file photo shows the view of the U.S. Capitol building from the Washington Monument in Washington.

Associated Press

For the first nine months of this budget year, which began Oct. 1, the deficit totals $2.74 trillion, also a record for that period. That puts the country well on the way to hitting the $3.7 trillion deficit for the whole year that has been forecast by the Congressional Budget Office.

That total would surpass the previous annual record of $1.4 trillion set in 2009 when the government was spending heavily to lift the country out of the recession caused by the 2008 financial crisis.

The June deficit was driven higher by spending on various government relief programs such as an extra $600 per week in expanded unemployment benefits and a Paycheck Protection Program that provided support to businesses to keep workers on their payrolls.

The report showed that the cost of the Paycheck Protection Program in June was $511 billion. That reflected a charge to the government for all the bank loans made under the program even though the government will not actually have to pay out funds until the banks determine whether the businesses met the criteria for having the loans forgiven. Those requirements include spending at least 60% of the loan amount on worker pay with the other 40% going to overhead costs such as rent and utilities.

Another reason for the surge in the June deficit was the government's decision to delay tax payments this year until July 15. That decision mean that quarterly payments made by individual taxpayers and corporations will not be due until July 15 this year rather than June.

So far this budget year, revenues total $2.26 trillion, down 13.4% from the same period last year, while spending totals $5 trillion, up 49.1% from a year ago.

The CBO estimate of a $3.7 trillion deficit for this year could go higher depending on the course of the economy. The country fell into a deep recession in February, ending a record long expansion of nearly 11 years. The Trump administration is predicting that the economy will come roaring back in second half of this year but many private forecasters are concerned that a resurgence of virus cases could make consumers too fearful to resume spending, which drives 70% of the economy.

Congress which has already approved more than $3 trillion in a series of rescue packages, is scheduled to debate another support effort when it returns from recess on June 20. Democrats are pushing for an extension of the expanded unemployment benefits which will soon run out.❑

Analog Devices buys Maxim, creating $68 billion chipmaker

Clouds are reflected in the headquarters of Analog Devices, Inc., Monday, July 13, 2020, in Norwood, Mass.

Associated Press

NEW YORK (AP) — Computer chip maker Analog Devices is buying Maxim Integrated in an all-stock deal that will create a company worth about $68 billion, and strengthens its position in the analog semiconductor sector.

The $20 billion acquisition would also give Analog a more defined roll in the development technology for 5G networks and self-piloted vehicles.

Maxim stockholders will receive 0.630 of a share of Analog common stock for each share of Maxim common stock they hold at the transaction's closing, according to the announcement Monday. Analog stockholders will own approximately 69% of the combined company, while Maxim stockholders will own about 31%.

Two Maxim directors will join Analog's board once the deal is complete, including Maxim President and CEO, Tunç Doluca.

The deal is expected to close next summer, but requires the approval of shareholders from both companies and regulators. Maxim was hit hard by the economic slowdown brought on the pandemic and its shares had slid 30% between February and March. Those shares have been rising since then, however. Maxim Integrated Products, Inc., based in San Jose, California, makes chips for manufacturers, energy companies and in healthcare. Its shares jumped more than 15% before the opening bell Monday.❑

Kelly Preston, actor and wife of John Travolta, dies at 57

LOS ANGELES (AP) — Kelly Preston, who played dramatic and comic foil to actors ranging from Tom Cruise in "Jerry Maguire" to Arnold Schwarzenegger in "Twins," died Sunday, husband John Travolta said. She was 57.

Travolta said in an Instagram post that his wife of 28 years died after a two-year battle with breast cancer.

"It is with a very heavy heart that I inform you that my beautiful wife Kelly has lost her two-year battle with breast cancer," Travolta said. "She fought a courageous fight with the love and support of so many."

The couple had three children together.

"Shocked by this sad news," Maria Shriver said on Twitter. "Kelly was such a bright loving soul, a talented actress, and a loving mom and wife. My heart breaks for her family who have already known such sadness and grief."

Born Kelly Kamalelehua Smith on Oct. 13, 1962, in Honolulu, Hawaii, Preston had a lengthy acting career in movies and television beginning in the 1980s, including the 1985 teen comedy "Mischief," 1986's "Space Camp" and her breakthrough, 1988's "Twins." Preston played Marnie, the woman who marries Schwarzenegger's character.

Preston was first married to actor Kevin Gage. They divorced in 1987.

The year after, Preston met Travolta while shooting the 1989 film "The Experts," a box-office flop about a Soviet KGB agent who hires hip New Yorkers to update the spy program's understanding of American society. They meet on the dance floor after Travolta asks, "Does anyone here know how to dance." Preston responds: "I know how to dance."

They were married in 1991 at a midnight ceremony in Paris while expecting their first son, Jett.

Preston starred opposite Kevin Costner in the 1999 film "For the Love of the Game." In 2003, she starred in "What a Girl Wants" and as the mom in the live-action adaptation of "The Cat in the Hat." The following year she appeared in the music video for Maroon 5's "She Will Be Loved."

Preston gave one of her most well-received performances in "Jerry Maguire" as the ex-fiancée of Cruise's sports agent who dumps him early in the movie. The Daily News called her "icily effective."

On Monday, Russell Crowe recalled knowing Preston in the '90s. He said he hadn't seen her much since, "but when I did, she was always the same sparkly eyed gem."

Preston occasionally appeared in films with her husband, though the results were seldom among either's best work. Among them: the box-office bomb "Battlefield Earth" in 2000 and the 2009 Disney comedy "Old Dogs," also with their daughter, Ella Bleu.

In January 2009, Jett Travolta, 16, died after a seizure at the family's vacation home in the Bahamas. The death touched off a court case after an ambulance driver and his attorney were accused of trying to extort $25 million from the actors in exchange for not releasing sensitive information about their son's death.

Travolta testified during a criminal trial that ended in a mistrial and was prepared to testify a second time, but decided to stop pursuing the case and it was dismissed. He cited the severe strain the proceedings and his son's death had caused the family.

Both Preston and Travolta returned to acting, with Preston's first role back in the Nicholas Sparks adaptation, "The Last Song," which starred Miley Cyrus and her future husband, Liam Hemsworth.

In addition to Jett and Ella Bleu, who was born in 2000, the couple had son Benjamin in 2010. Ella wrote on Instagram Sunday: "I have never met anyone as courageous, strong, beautiful and loving as you. Anyone who is lucky enough to have known you or to have ever been in your presence will agree that you have a glow and a light that never ceases to shine and that makes anyone around you feel instantly happy."

The couple last starred together in the 2018 film "Gotti," with Travolta playing John Gotti and Preston playing the crime boss's wife, Victoria.

"Kelly's love and life will always be remembered," Travolta said on Instagram. "I will be taking some time to be there for my children who have lost their mother, so forgive me in advance if you don't hear from us for a while. But please know that I will feel your outpouring of love in the weeks and months ahead as we heal."❑

Body found in search of lake for 'Glee' star Naya Rivera

Naya Rivera, a cast member in the television series "Glee," poses at a screening and Q&A for the show, at the Academy of Television Arts and Sciences in Los Angeles on May 1, 2012.
Associated Press

LOS ANGELES (AP) — A body was found Monday at a Southern California lake during the search for "Glee" star Naya Rivera, authorities said. The body was discovered five days after the 33-year-old Rivera disappeared on Lake Piru, where her son was found July 8 alone a few hours later on a boat the two had rented, the Ventura County Sheriff's Office said.

Authorities would not immediately say if the person found was Rivera, but said the day after she disappeared that they believed she drowned in the lake northwest of Los Angeles. A 2 p.m. press conference was scheduled.

Search crews found the body floating in the northeast area of the lake and the county medical examiner was notified, authorities said. The lake an hour's drive from Los Angeles was searched by dozens of divers working in waters with little visibility, with help above from helicopters, drones and all-terrain vehicles. Rivera played singing cheerleader Santana Lopez for six seasons on the Fox musical-comedy "Glee." If she is declared dead, she will become the third major cast member from the show to die in their 30s. Cory Monteith, one of the show's leads, died at 31 in 2013 from a toxic mix of alcohol and heroin.

And co-star Mark Salling, who Rivera dated at one point, killed himself in 2018 at age 35 after pleading guilty to child pornography charges. ❑

Paddle transfer carried out for Company in the West

WILLEMSTAD, CURACAO — The paddle transfer took place from the 33rd rotation Company in the West (CidW) to the 34th rotation by means of a short military ceremony. Commander of CidW 33, Captain Ruben, has transferred the paddle, thereby assigning her duties as CLAS Company (Commando Land Forces Company) in the Caribbean, to Commander CidW 34, Captain Maarten. He and his company will carry out these tasks for four months.

The previous rotation has been much visible on Curaçao in recent months. This was mainly due to the many deployments made in the field of maritime border surveillance, but also surveillance and security missions in this country. Due to the COVID-19 situation on the islands, this rotation did not allow training on Aruba and Bonaire.

CidW 33 comes from the 11th Infantry Battalion Air Assault Guard Regiment Grenadiers and Hunters. This company, the Alfa Company, is also called the "King's Company" because Hereditary Prince William of Orange, later King William III, had command of it in his military training. CidW 34, the new rotation, is also from 11th Infantry Battalion but is called the Charlie Tiger Company. This Tiger company is no stranger to the region, in 2015 and 2018 she also had the duties of a CLAS company. Both units come from Schaarsbergen and know each other from the Army base there.❑

Dutch artist Odillia shoots sophomore music video 'Break it down' featuring Snoop Dogg in Aruba

ORANJESTAD — Hip-hop/Pop sensation Odillia has set sail for Aruba to begin principal photography on her new music video, 'Break It Down'. The sophomore release by the Dutch bombshell features Rap Icon Snoop Dogg and is set to be released next month by her record label Lukevision Enterprise. The shoot will be helmed by renowned director Edward Silberie whose clients include international superstars Jbalvin, Jowel y Randy, Jeon, Malu, DJ Nelson and Alex Sensation.

'Break It Down' comes hot on the heels of her chart-topping debut single 'End of the World' featuring Atlanta's Lil' Keed that racked up over 10 million views on social media since it premiered in February. Lukevision owner Will Luke says he couldn't be more excited about the success of his new artist. "Odillia is that rare breed of young artist with heart, soul and the talent and dedication to match! She has been an amazing addition to the label, and we couldn't have asked for a better performing debut than 'End of the World'. We can't wait to see how well the new single performs especially with the legend Snoop on the track."

The 22-year-old Netherlands native shot to fame after appearing on the hit BBC talent competition 'All Together Now'. After moving to Los Angeles in 2019, Odillia landed a major record deal, secured artist representation and was in the studio working on her US debut within months. She is thrilled to be working on this collaboration with her long-time inspiration Snoop Dogg, "When Will told me that Snoop was going to be sending some verses for the song, I was beyond excited…I really couldn't believe that an artist I had so much respect for and whose music I had grown up listening to was actually going to be on one of my songs!" 'Break It Down', which was written by Odillia, explores the ups and downs of a relationship with one partner in need of clarification of where things stand. "I write all of my own songs," she explains.

"They are all based on things I have personally experienced or the experiences of people in my life. Sometimes, when two people are in a relationship, but not on the same page, there comes that moment of honestly where they just have to break it down and say what it is they want or don't want from each other. I'm excited to play off those emotions in a back and forth with Snoop with beautiful Aruba as the backdrop of the story."❑

Our succulent Island

Episode LXII - (62)

ORANJESTAD — Succulent are plants that are mainly thickened, fleshy, and engorged, usually to retain water in arid climates or soil conditions. The word succulent comes from the Latin word sucus, meaning 'juice', or 'sap'. Like for example our island cactuses or any other plant that stores water on its stems or leaves. In developing special talents, these plants have developed a special type of survival skills, filled with unique and wonderful shapes, colors, and textures such we can find in the Aruban landscape.

Our island vegetation shapes local culture and national identity, and so in order to protect it we hope to allow future generations to enjoy their unique environment. The thorny brushes, trees cacti and agave varieties are abundant, though not in large numbers of species. The cactus grows in the wild. Their seeds are dispersed by the wind and fauna, specially birds and bats that feast on their delicious fruits.

The best known or most famous succulent of the island is not really a local plant. This plant was introduced to the island in order to foment cultivation and create new sources of income for the islanders, and yes you guessed it, it is the Aloe. This super plant has been actually imported from the island of Barbados where it was doing good and started to bring in some extra income. This plant was also imported from another island called Socotra, which is located between the Guardafui Channel and the Arabian Sea in the Indian Ocean. Well, the Aloe did really bring wealth for those who had invested in this wonder plant. The Aruba Aloe did become an important ingredient of many pharmaceutical skin products used as protection against the sun and chemotherapeutic burns. It can also be found in Laxatives, consumed to treat constipation and detoxification.

The cacti have a very important ecological role: their fruits and flowers, which some bloom only at night, provide critical food resources for a variety of the islands' bats, birds and reptiles. There are three types of candelabra or organ pipe cacti species that dominate the landscape of the island. Stenocereus griseus, Cereus repandus and Pilosocereus lanuginosus. Stenocereus griseus grows straight up and branches out close to the ground; its thorns make up neat rows of rosettes. Stenocereus griseus is a treelike cactus (3-) 6-9 (-10) meters high, sometimes branching at the base, sometimes with a definite trunk. This species shows latitudinal variation in growth form, from a multi-stemmed shrub sending up from the base 5 to 20 branches, 3 to 6 meters high in dry northern habitats to a ten meter columnar arborescent cactus in Caribbean deciduous forest. The flowers, which appear in spring, are followed by the large delicious fruit much prized by the native.

Cereus repandus, known locally as Breba, is the largest of the three cacti species and looks more like a tree as it branches out further from the ground; its thorns form dense rows that stick on the Cereus repandus, The Cereus repandus is an unsearched, under-utilized cactus, grown mostly as an ornamental plant with branches that grows in all directions.

Pilosocereus lanuginosus is a beautiful golden spinned columnar cactus that can eventually grow up to 30' feet tall. Pilosocereus lanuginosus branches from the sides of the main stems producing a candelabra effect. Stems average 4" to 6"+ in diameter and have a glaucous or blueish green skin. Like the other species of Pilosocereus, this species, from warm temperate climate is very easy to grow however cannot survive any periods of frost.❑
